

Directions to the Coventry Office

To get to us by car, head for the ring road around the centre of Coventry, and come off it at junction 9, to go north on the B4098 (signposted Radford/Keresley). After around 300 yards, turn right at the traffic lights into Light Lane. Follow the road as it bends to the left then right as you proceed onto Sandy Lane. Electric Wharf, where we are based, is off a turning on the right at the end of an industrial estate on the right (see photo below).

We are on the top floor of the building at the entrance with the writing 'this piece of land and canal' on it. Visitor car parking is round to the right (outside of the gated complex) and the pedestrian entrance is the small gate to the left of that building. We look forward to seeing you!
